1 (Discussion held in camera with the court. The
2 defendant, Mr. Wax, Mr. Matasar, Mr. Gorder, and
3 Mr. Cardani are present.)

4 MR. WAX: The scope of the search of the
5 computers is one of the most critical aspects of the
6 motion.

7 And when the agent created these terms I think
8 is highly relevant to whether or not they exceeded the
9 scope, what they knew when.

10 If they got these search terms from a prior
11 review of the information on the computers, and the
12 prior review was an unguided review, then it seems to me
13 that the issue about exceeding the scope is more readily
14 proven. And --

15 THE COURT: Okay. I don't need to hear more.

16 What I'm going to do is this: Sometime later,
17 she can see if she has notes. If she has notes, turn
18 them over. And -- but I'm not going to say that I will
19 definitely continue the hearing. We don't know what the
20 notes are.

21 MR. WAX: That's fine.

22 (Proceedings continued in open court.)
